

# INTIMIDATOR™ 19XPC

## 19" Capacity Hand-Fed Chipper

The Intimidator 19XPC is a powerful drum-style chipper that can **easily handle big limbs, forked material and whole trees. It's an extremely versatile chipper**, with one large 15-¾" diameter top feed wheel, the 19XPC has the power to pull in the largest limbs and even whole trees. With its **solid steel welded construction**, proven feed system, durable components, and chip throwing technologies, the Intimidator 19XPC is a favorite for tree services needing a high-capacity chipper that's easy to maneuver.

### DURABLE AND POWERFUL.

- **Aggressive whole tree chipping power** in a maneuverable package
- **Large 37" diameter reinforced chipping drum**
- **Wide 20-½" x 20-7/8" opening** for processing large limbs and whole trees

### The Most Powerful Feed System Available

The Intimidator 19XPC features Bandit's most powerful feed system available. The Slide Box Feed System features a massive 25" wide by 15-¾" diameter top feed wheel powered by a chain drive system, and a 25" wide by 10-5/8" diameter bottom feed wheel roller, generating an astonishing 10,824.32 lb-ft of pulling power. This means larger material is pulled in easier, reducing the time and labor costs for trimming while increasing production.

### Excels at Chipping Large Diameter Materials

The large 37" diameter drum allows much of the material to be chipped on the bottom half of the drum, with the grain of the wood like a disc-style chipper. Large limbs and whole trees are chipped using less energy and with less vibration, maximizing fuel economy and reducing maintenance. The large chipper opening and sloped infeed system makes it easy to feed large logs, and whole trees into the chipper. And with aggressive engine options over 200 horsepower, the Intimidator 19XPC has plenty of power to tackle big projects.

### Significantly Less Maintenance

The Intimidator 19XPC has a heavy, reinforced drum with internal baffles. The chipper drum and shaft should last the lifetime of the chipper and are backed by a five-year GUTS warranty. Rugged construction and heavy-duty components throughout the Intimidator 19XPC help ensure long life and trouble-free performance. We realize what it costs when a chipper is down, and though we can't eliminate all downtime, we do our best to minimize it.

### Higher Quality Chips Per Load

The Intimidator 19XPC throws chips with more force due to the pocket design, the larger drum diameter, smooth transition, smooth discharges and the patented Power Slot. This means more chips per load and fewer trips to the dump site. It also means chips from a Bandit chipper have better uniformity compared to rival machines, commanding higher prices when sold and making them easier to dispose of.

### Slide Box Feed System

This unique system allows the top feed wheel to move straight up and down with the flow and diameter of material passing through the feed system into the chipper. The slide box feed system provides direct down pressure for crushing material. Included within the slide box, is the patented spring tensioning system along with the hydraulic lift cylinder providing additional down pressure for unmatched pulling and compressing power making the unit easier to feed and more productive.

19" capacity drum-style chipper

## Safety Features

- **Rope/Line Shear Device** (standard)  
Provides an improved chance that rope or lines inadvertently entering the chipper may be cut.
- **Last Chance Cables** (standard)  
Stops/reverses the feed wheel when pulled in case of an emergency.
- **Operator Safety Control Bar** (standard)  
Wraps around three sides of the infeed chute and controls the direction of the feed wheels.
- **Wood Pusher Paddle** (standard)  
Used to feed small wood debris into the chipper.
- **Chipper Hood Pin w/Padlock** (standard)  
Prevents unauthorized access to the disc or drum.
- **Chipper Hood Engine Disable Plug** (standard)  
Prevents engine from being started without the hood pin in place.
- **Hydraulic Bottom Bump Bar** (option)  
Stops feed wheels via mechanical connection when bumped, diverting hydraulic power away from the feed wheels.

## Popular Options

### Gas or Diesel Engine Option Available

The Model 19XPC can be equipped with a range of gas and diesel engine options from 165 - 213 horsepower.

### Standard & Custom Colors Available

Choose from six standard colors, or select a custom color to match your fleet.

### The Bandit Backbone™ Support

The Bandit Backbone™ is Bandit's commitment to customer service and support. It's always been a cornerstone of Bandit's philosophy, and today that backbone is stronger than ever. If you own a Bandit track carrier – regardless the age, hours, or warranty status – the Bandit Backbone is here to support you.

## Intimidator™ 19XPC Specifications

### ENGINES

#### TOWABLE:

165 - 213 HP

### UNDERCARRIAGES

#### TOWABLE:

AXLE - Single 12,000 lb. electric brake axles

TIRES - (2) 235/75R 16" tires mounted on 8-bolt heavy-duty gray rims

### MEASUREMENTS:

#### TOWABLE:

Length: 20' 3"  
(Infeed Open)

Width: 7' 7"

Height: 8' 6"

Weight: 10,900 lbs

Fuel Tank: 40 gal

Hyd. Tank: 30 gal

### OTHER SPECIFICATIONS:

Capacity: 19"

Throat Opening: 20-1/2" x 20-7/8"

Drum: 37" diameter x 22" wide  
(3/8" Thick)

RPM: 1,080

Feed System: Slide box

Adjustable Springs: 2 - 21"

Top horizontal feed wheel: 25" wide x 15-3/4" diameter

Bottom horizontal feed wheel: 25" wide x 10-5/8" diameter

Displacement (CID): 63.9

Hydraulic Motors: 2

Discharge: 345° swivel

Deflector: 3-Position Manual

Hitch: 3 Position - 2-1/2" Pintle

Frame: 2" x 6" main frame  
rectangular tubing with a 3" x 6" tongue

Fenders: Preformed 12 gauge aluminum  
tread brite fenders with mud shields

Tongue Jack: 8,000 pound "Bulldog" tongue  
jack, adjustable for height with 15" travel capacity and stationary foot pad
